GB HERMES Modules

GB HERMES on Cloud

GB HERMES Epic

Full suite HRMS product with employees Entry to Exit in any organisation suitable to any size of the organisation and industry.

GB HERMES Excel

It comes with Payroll, Reimbursement Payroll, Leave & Attendance, Income Tax, Loans & Advances, Recruitment, Exit, PMS, Training and Mobile app

GB HERMES Edge

Ideally suitable for MSMEs, predominantly a Payroll module with associated features as per client requirement. Even a company with 20 or less employees can afford it.

GB HERMES on Premise

GB HERMES Entry to Exit HR Management Solution is available on cloud and on Premise. Organisations who have already invested in servers or are looking for major customization of all modules and want to have their own security measures can opt for “On Premise” or “Sever” model as it is generally called.

Under this model, clients can buy the user licence permanently by paying upfront or one time payment. All types of customization can be done as per the client requirement and if required can add special features for the client. It can be integrated with other software with the client for complete ERP experience.

Apart from on Premise model, we have currently 3 standard product variants available based on demand and company size.
